

# Cap-Brulé's New Wastewater Treatment Facility PROJECT UPDATE No. 12 July 2024

"The Dunes" approach concept  
by Acre Architects Inc.

## Construction of the Headworks Building:

- Excavation services for the headworks building foundation, including 40m<sup>3</sup> of concrete for the mud slab-pouring at approximately -13m below ground.
- Execution of a protection fence and access stairs on the excavated area.
- Tree removal for the NB Power temporary posts on the job site access road.
- Preparation for the crane installation.
