

# Cap-Brulé's New Wastewater Treatment Facility PROJECT UPDATE No. 14 September 2024

"The Dunes" approach concept  
by Acre Architects Inc.

## Construction of the Headworks Building:

- Ongoing activities include rebar installation, formwork, and additional concrete work.
- The concrete for the effluent wet well base has been successfully poured.
- The concrete for the new grit removal base and walls has also been completed.
- Main electrical services for the new distribution are mostly complete.
