

# Cap-Brulé's New Wastewater Treatment Facility PROJECT UPDATE No. 17 December 2024

"The Dunes" approach concept  
by Acre Architects Inc.

## Construction of the Headworks Building:

- Contractor took a break over the holidays with all construction activities paused.
- Wet Well Influent Walls pour was completed on December 5th, 2024, and the forms have been removed. Concrete was inspected and minor surface repairs will be completed.
- Effluent walls are nearing completion with a scheduled pour for early February, weather permitting.
- Garage is 95% completed.
